# Who is Sylwia?

Sylwia Szymańska is a PADI instructor and divemaster who has inspired and guided divers for years. She is the face and the heart of the Polish dive base Beach Safari in Marsa Alam, where countless divers associate their best underwater memories with her guidance.

On diving forums and in the community, Sylwia is warmly recommended again and again - "only with her, only at her base"  
- she has become a brand of her own.

Sylwia helped thousands of people fulfill their dreams of exploring the underwater world - and now she dreams of returning to a life without pain.  
In Poland, medicine can no longer help.  
Her only hope is an advanced treatment abroad.

## 💔 Why does she need help?

Sylwia has been fighting severe, chronic pain that prevents her from living and working.

In Poland, doctors have exhausted all treatment options.

Her only chance is an advanced therapy abroad  
- but the cost is overwhelming - 400,000 PLN.

With this treatment, she has the possibility to regain her strength, her passion, and the life she once lived - both on land and underwater.

## 🤿 A community that acts

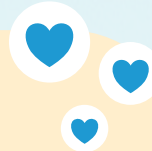

In just 3 weeks we raised 100,000 PLN  
(25% of the goal) - purely organically!

This shows the strength of the diving family when one of us needs help.

Our message is simple:  
"Dive family takes care of its own."

# How can You help?

## Ways to support

-  Financial or in-kind sponsorship
-  Sharing the campaign in your channels and networks
-  Engaging ambassadors, clubs, and dive centers to spread the word

## Why it matters?

-  Corporate Social Responsibility - by supporting Sylwia, your brand shows commitment to community, solidarity, and wellbeing in the diving world.
-  Positive brand image - partners will be recognized across social media, diving media, and community events as companies that care.
-  Authentic impact - this is not just a campaign, but a real fight for a fellow instructor's life and future.
-  Shared values - solidarity, passion, and a strong dive community.
